

Notice of Potential Safety Issue and Recall Notice for Armalite Models: AR-10, SPR MOD 1, SPR MOD 2, M15, and Eagle-15

We have determined that the disconnecter and the hammer on some of our AR-10, SPR MOD 1, SPR MOD 2, M15, Eagle-15 Model rifles were not properly manufactured by third party vendors and that the disconnecter's or hammers in those rifles can fail to ensure proper engagement of the hammer. This, in turn, can result in an unsafe condition in which the rifle doubles (discharging twice when the trigger is pulled one time). A very small percentage of the rifles sold have been reported to have this condition. This is an important safety issue and we are therefore implementing a plan so that the affected rifles can be serviced and that the non-performing disconnecter's and hammers can be replaced.

HOW TO DETERMINE IF YOUR RIFLE NEEDS SERVICE

This disconnecter and the hammer issue could potentially be found in the AR-10, SPR MOD 1, SPR MOD 2, M15 and Eagle-15 models within a specific range of serial numbers. Please log on to www.armalite.com/recall and use the serial number search function to determine if your rifle is covered by this notice or feel free to call us toll free at: (866) 594-9103 and we will check it for you.

Please follow the instructions listed below in the Customer Performed Diagnostic Test to determine if your rifle will need repair. Any Armalite rifle Model AR-10, SPR MOD 1, SPR MOD 2, M15 or Eagle-15, which is not shown on the serial number search is not covered by this notice.

Customer Performed Diagnostic Test

The customer performed diagnostic test is a simple test and Armalite has prepared an easy to understand video to guide customers through the diagnostic test process. The video is located here: www.armalite.com/recall

If you are unable or unwilling to conduct the diagnostic test process, please contact Armalite toll free at: (866) 594-9103 or recalls@armalite.com and Armalite customer service will work with you to either have the rifle returned to Armalite or evaluated at your local firearms dealer.

Armalite is fully prepared to repair your rifle, at no cost to you, so we can assure that it conforms to design specifications. Although we are not offering refunds, we do understand this is an inconvenience, so when we return the rifle to you, Armalite will offer you a 20% discount on a one-time purchase of any in-stock Armalite accessories.

In the event that your rifle needs to be returned to Armalite for service under this recall, Armalite will send you a shipping package and shipping instructions so the rifle can be returned to us at our expense. We will also perform the service and return the rifle to you at our expense. In the event that your rifle needs to be inspected by a local firearms dealer, we will coordinate with that dealer so that there is no cost to you for this process.

NEXT STEPS

Step 1 - If the serial number of your rifle falls within the range on our search site at www.armalite.com/recall , proceed to step 2. If not, no further action is required.

Step 2 - Conduct the customer performed diagnostic test as illustrated in the video. If your rifle fails the test or if you are unable to conduct the test, please contact us via email at recalls@armalite.com or toll free at (866) 594-9103 and provide your name, address, the serial number of your rifle, your telephone number and the best time to call. If your rifle passes the test, please notify us of your serial number at recalls@armalite.com and no further action is required.

Step 3 – If you contact us, we will verify whether your rifle is subject to the recall. If service is required under this recall, we will contact you to coordinate the evaluation of your rifle by a firearms dealer near you or to coordinate the return of your rifle to Armalite for evaluation and/or service. If your rifle needs to be returned to Armalite, we will send you a packing container and will provide detailed instructions and a shipping label so you can send your rifle to us FREE of charge.

Step 4 - We will service your rifle and ship it back to you FREE of charge.

If you have any questions regarding this process, please contact us at recalls@armalite.com or toll free at (866) 594-9103. We apologize for the inconvenience

Thank you,
The Armalite Team
